# IP.114.M

**KEY**

- A** Top of door closer
- B** Side of rail
- C** Side of rail
- D** Top of rail
- E** End of rail

**Product Overview**

- 2mm intumescent to suit the Rutland ITS.11204.3.5 Micro Rail Door Closer
- (A) This intumescent sits on top of the ITS.11204 mechanism - allows you to retain an extra 4mm in the door and ensures no shadowing or breakout of the door
- Fire tested to EN1634 with the ITS.11204.3.5 Micro Rail Closer
- Self-adhesive, making it easier to install
- A 6 piece intumescent kit, 2mm thick self adhesive graphite
