Whittington Way,  
Chesterfield  
S41 9AG

Dear Neil,

### Status of Rutland UK towards the Renewal of Certificate No IFCC 1514

Please accept this letter as confirmation of the status of Rutland UK with regards to the renewal of Certificate No. IFCC1514 held for independent third-party product certification with IFC Certification Ltd.

Rutland UK originally gained voluntary third-party certification for their **TS.24 door closer**, in accordance with the requirements of the IFC Certification Product Scheme, on 2<sup>nd</sup> August 2019. The certificate expired on 1<sup>st</sup> August 2024 and a recertification audit is required to enable renewal of the certificate.

Due to existing commitments, IFC Certification was unable to undertake an audit at the manufacturing sites before the stated expiry date; we are currently in the process of arranging the audit, which will be carried out at the earliest opportunity. We fully expect that the audit will provide verification that Certificate No. IFCC1514 can be renewed for a further 5 years from 1<sup>st</sup> August 2024, based on previous annual audits of Rutland UK's quality management systems and factory process controls, and this letter is issued whilst your company awaits the renewal, which will follow a successful audit and acceptance of a recommendation for reissue by the IFCC decision maker.

We trust the content of this letter clarifies the status of Rutland UK in respect to the renewal of IFCC Product Certification.

Yours sincerely

**MARC STURTIVANT**

Overseas Product Schemes Manager  
IFC Certification Limited
